Rules of Hillbilly World

It looks like there isn't a specific "Hillbilly World" with a set of rules, but there are several events and organizations with "Hillbilly" in their name. One notable example is the **International Shrine Hillbillies** and their events, such as **Hillbilly Days** and the **International Hillbilly Convention**. Here are some general guidelines and rules for these events:

1. **Respect the Property**: Keep the event area clean and dispose of trash properly.

2. **Participation**: Events are open to all initiated Hillbillies in good standing and their families.

3. **Safety**: Follow all safety guidelines and instructions provided by event organizers.

4. **Behavior**: Maintain a friendly and respectful demeanor towards all participants and organizers.

5. **Dress Code**: Wear appropriate attire for the event, which may include traditional Hillbilly costumes.
